# Crossing the Jordan River

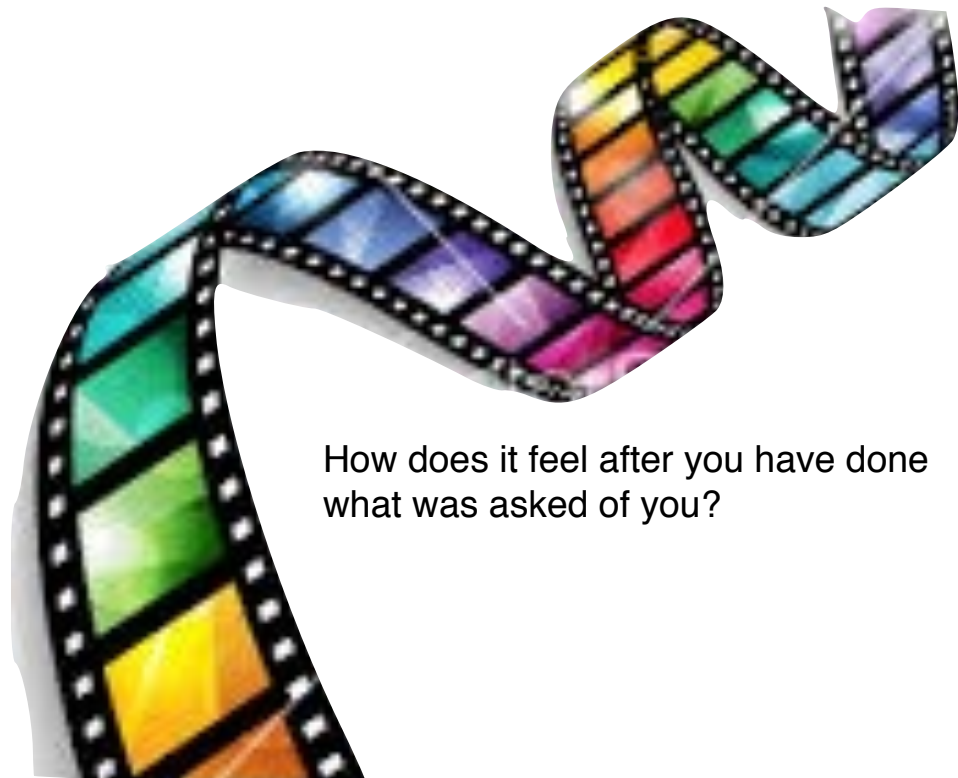

## **Joshua Leads the Israelites into the Promised Land**

Key Bible Verse: "As for me and my house, we will serve the Lord." Joshua 24:14-15

What do you think "serving the Lord" means?

What are ways that each of you can serve the Lord?

What is something that you have been asked to do that sounds ridiculous but that when tried, really works?

How does it feel after you have done what was asked of you?
